## PROFILE SUMMARY

Results-driven Frontend Developer with hands-on experience in web development, specializing in crafting responsive and user-friendly websites. Proficient in modern technologies like React.js and WordPress, with a strong focus on delivering high-quality solutions for clients. Adept at freelancing, bringing creativity and professionalism to every project while continuously learning and evolving in the field. Passionate about building impactful websites and contributing to business growth through innovative web solutions.

## MY PROJECTS

### 5waysfze - Digital Marketing and Web Development Agency

Developed a responsive front-end interface using React.js for a modern agency website. (URL : <https://5waysfze.com/>)

### New Angel's Bridal Studio

Created a fully functional WordPress site showcasing bridal and beauty services. (URL : <https://angelsbridalstudio.com/>)

### High Someat General Trading L.L.C

Designed a WordPress site for a Dubai-based company specializing in fresh and frozen meat exports. (URL : <https://highsomeat.com/>)

### Al Minha MEP

Built a sleek and user-friendly front-end in React.js for a mechanical, electrical, and plumbing services provider. (URL : <https://alminha-final.netlify.app/>)

### Al Molabi Hajj and Umrah Services

Designed a WordPress site offering comprehensive Hajj and Umrah service packages. (URL : <https://al-molabi-haj-and-umrah.netlify.app/>)

### MRITHU PHARMACY WEBSITE

Developed the frontend for Mrithu Pharmacy using HTML, CSS, and JavaScript. Created a responsive and visually appealing website for seamless user experience across devices. (URL : <http://www.mrithupharmacy.com/>)

### DYNAMIC PORTFOLIO WITH EXPORT TO PDF

Built a full-stack dynamic portfolio using the MERN stack (MongoDB, Express.js, React.js, Node.js). Frontend deployed at Netlify, backend at Render, featuring robust backend integration and interactive design. (URL : <https://dynamicportfolio.netlify.app/>)
